EDUCATION

Bachelor of Science,
Computer Science
Full Sail University

SKILLS

Teamwork
Critical thinking
Time management
Adaptability
SDLC
Agile/Scrum
Ai/ML Development
React Native
Responsive Design
Python
Tensorflow
Scikit-Learn
pyTorch
OCR
API integration
Expo App Development

SUMMARY

I value the requirements of adaptability and continuing education while working in the Information Technology and Software Engineering fields and appreciate the opportunities that I have received to bring my curious, diligent nature to assist companies with their technology frustrations, goals, and innovations.

PROFESSIONAL EXPERIENCE

IT Administrator

In Motion Fitness, Chico, CA | 2024 - 2025

- Collaborated with vendors on procurement of IT equipment and software licenses while negotiating favorable pricing terms
- Researched emerging technologies relevant to the organization's needs, making recommendations for adoption when appropriate
- Automated data conversion processes via python scripting

Desktop Support Engineer

HCL Tech/Adidas North America, Portland, OR | 2022 – 2024

- Collaborated with cross-functional teams to develop and implement IT policies, procedures, and best practices for desktop support operations
- Developed comprehensive documentation for standard operating procedures (SOPs) related to desktop support processes
- Provided technical guidance to junior support engineers in resolving complex hardware or software problems

Microcomputer and Robotics Intern, Lead Programmer

NASA Ames Research Center, Mountain View, CA | 2016 – 2016

- Managed project using Agile methodologies
- Developed software for project and conducted testing
- Presented final project to internship board of supervisors
